

AID1630

INDUCTION COOKER

OVERVIEW

Prepare delicious meals such as Italian pasta, mashed potato, chicken curry, and a whole lot more in a convenient way using the Aztech AID1630 Induction Cooker, a member of Aztech Home. It is everyone's versatile state-of-the-art cooking companion made especially for your daily cooking needs.

Aztech AID1630 is a must-have in your kitchen as it is incredibly helpful. With its crystal glass design, the surface looks smooth, is easy to clean and adds elegance to your kitchen. This induction cooker allows you to cook meals for the whole family. It is also designed with touch control panel, has a timer, delayed cooling fan, 4 manual and 4 preset cooking modes – to assist you in your everyday needs.

As for its additional safety feature, the Aztech AID1630 comes with overheating and empty pan auto shut off feature for a hassle-free cooking experience. It also has a lock function wherein your children's naughty little fingers cannot switch your cooker on without you knowing. With this exclusive and innovative cooker, cooking is taken to the next level.
